

Authorization SYN-AUTH-771 - July 28, 2026

A1 | Approved request

SYNTHETIC / DEMONSTRATION DATA. Avery Rowan / SYN-M1042; plan LM-2026-EPO. Scheduled outpatient knee arthroscopy at Juniper Bay Surgery Center, facility ID SYN-F-2401. Approved date range: August 10 through August 20, 2026; one encounter. Scheduled date: August 12, 2026. Facility network shown as participating as of this approval. Scheduling reference SYN-ENC-812.

A2 | Scope and limitations

This approval concerns the proposed surgery and named facility. Associated anesthesia for an approved covered surgery requires no separate prior authorization under plan Section 10. Eligibility, actual services, location and claim data remain subject to review. This letter is not proof the scheduled visit occurred or that every clinician participates. It does not quote a negotiated anesthesia rate or determine patient responsibility.

A3 | Administrative instructions

If the procedure location, date range or service changes, contact the administrator. Facility billing and professional billing may be separate. Preserve this authorization reference with the operative encounter documents. Contact authorization@harborlight.example for this fictional exercise only.
