

Juniper Bay Surgery Center - encounter record

L1 | Encounter verification - September 15, 2026

SYNTHETIC / DEMONSTRATION DATA. Avery Rowan / SYN-M1042. Encounter SYN-ENC-812. Service August 12, 2026, Juniper Bay Surgery Center, SYN-F-2401. The knee arthroscopy and associated anesthesia were both performed within our licensed ambulatory surgical center. Seabright Anesthesia Group supplied anesthesia during this encounter. No anesthesia was performed in an adjacent office. This confirmation does not reproduce the electronic claim sent by Seabright.

L2 | Other encounter information

Check-in 07:10; discharged home 11:20. Accompanying adult documented in facility chart but omitted from this synthetic extract. Routine postoperative instructions were provided. Clinical indication and medical necessity are not adjudicated by this administrative confirmation. Actual procedure coding should be verified by the billing provider.

Harborlight member-services message - September 16, 2026

L3 | Service-date network confirmation

SYNTHETIC / DEMONSTRATION DATA. Regarding member SYN-M1042 and facility SYN-F-2401: Juniper Bay Surgery Center was participating in LM-2026-EPO on August 12, 2026. Seabright Anesthesia Group was nonparticipating on that date. Our facility claim SYN-C260812-F was paid as in-network. We have not yet reprocessed anesthesia claim SYN-C260812-A.

L4 | Outstanding review

The submitted anesthesia service-location fields should be checked against the encounter record. We have not determined the recognized amount for protected anesthesia cost sharing, any corrected payment, or a new member balance. A request for a collection hold must be discussed separately with the billing provider. This correspondence is not an appeal decision and does not extend an appeal filing deadline.
